BREVENTIVE TEACHING

SAY SOMETHING POSITIVE about your child's behavior or EXPRESS EMPATHY about how they may be feeling.

Give your child a MEANINGFUL REASON TO BEHAVE THAT WAY. This reason must be meaningful to your child.

Find SOMETHING POSITIVE they did DURING ROLE PLAY. Correct only if necessary.

STEP 2

DESCRIBE HOW YOU WANT YOUR CHILD TO ACT. Avoid telling your child what you "don't" want.

PRACTICE the expected behavior. This is the MOST IMPORTANT PART of Preventative Teaching.

CONTINUE TO PRACTICE. Once the child has done it correctly practice it at least four time.
